9. OTHER PRACTICAL INFORMATION:

Water:

The tap water in Basel and its surrounding is drinkable.
The public fountains in the city provide likewise potable aqua.

City-Ticket:

In most hotels, you will be given a city-ticket that enables you to travel in the whole city for free without having to worry about a ticket, zones or ticket machines.

Monetary Information:

The currency used in Basel is Swiss Francs (CHF) but many shops, supermarkets, bars and restaurants also accept Euros (EUR) – the change, if any, will however be given in Swiss Francs.

Even though Switzerland is well known for hosting a multitude of internationally important banks, many shops, supermarkets, bars and restaurants do **NOT** accept credit cards. We therefore warmly recommend our guests to withdraw some cash when discovering the city in order to escape some unnecessary frustration.
